and deep in power runners this particular autumn Minnesota pays a second visit to Memorial Stadium's real-live-turf here Saturday

A major hunk of the nation's viewers will watch this regionally televised scrap between the Tigers and Gophers. Three other regionals are channeled into eight southeastern states and New Englad, Kickoff is at 2:50 o'clock Daylight time -- and a capacity crowd of 58,000 is expected.

Coach Murray Warmath's gang opened their schedule here four years ago - and absorbed a 24-0 setback, That was Devine's third win over Warmath's Minnesotans during the decade of the with the fourth 60's contest a 0-0 standoff. This was the memborable 1961 struggle played in snow

So Warmath has a tailor made pep talk for his Golden Gophers as the two schools launch a new decade of grid rivalry. As a chaser, the veteran coach may also remind them that Devine's personal record against Big Ten foes is 9-1-.

It seems that good news is always followed by bad, at least

that's the consensus of the SHS grid coaching staff.
Star running back David Evans was ruled "fit and ready" to go in the Bulldogs Northern Division clash at Perryville tomorrow night after seeing limited action in the Mayfield game last week, nursing a knee injury while at the same time, Bill Branum was given the "OK" to begin working out after setting out last week's game with a back injury.

But, with that bit of good news, it was learned that guard, Mark Adams will be out of action for an indefinate period of time with a knee injury. Adams is one of four returning starters from last season

Early in spring drills, after the Bulldogs picked them up a quraterback on transer, it was learned that star running back Mike Shaffer could miss the season because of a knee injury suffered in baseball.

Bill Berry, Bulldog quarterback, will be at full power for Friday's game after suffering a sprained left arm in the Mayfield game,

hometown of McMillan - the 1968-69 Missouri quarterback.

Minnesota, though, has more quality running backs in camp than at any time in the last eight years, Topping the 215-pound Barry Mayre, a ball-carrying standout. Defensively, the Gophers return nine starters -- and they are proudest of Capt. Jeff Wright and safetyman Walt Bowser in the defensive secondary.

Warmath calls corner back Wright 'my best in 17 years here'

The Bengals obviously need to find diversionary help for Moore on the attack. The tackle-busing enior ripped Baylor for 171 yards -- but defenses increasingly will be stacked to thwart his probes.

Can sturdy James harrison or Mike McKee supply that punch at fullback? Can Roper or Farmer fling the football more precisely this this Saturday against a tougher secondary -swift receivers like Mel Gray and John Henley?

Mizzou wil miss the up-front savvy of tackle Eric Loder, out for at least two weeks with a knee sprain, Scotty Bell, junior guard from Sugar Creek, plugged that gap -- while Dan Kelley rejoins the No. 1 unit at offensive guard

Defensively, the terrorized Baylor backs last Friday, spilling enemy ball-carriers for 71 yards in losses. This Saturday, though, Rocky Wallace & Co. will be battling rangier heftier and more seasoned linemen -- blokes in the 230 to 240-pound category, led by Alvin Hawes, a 250-pound blocking tackle.

At least 13 per cent, possibly more, of the nation's adult population are illiterate or have such serious reading problems their daily lives are impaired, according to a survey conducted by the Louis Harris

Atleast 13 per cent failed to properly complete such things as: Medicaid applications; personal bank loans; driver's license: a social security number and related and relatively simple forms encountered in daily life, Those who scored highest were in suburban areas, the West, and the 14 to 24 age group. Even eight per cent of those with some college training had literacy problems.

Constitution Amendment 3 would provide temporary relief which is urgently needed, by increasing from \$3.75 to \$5.55 the current levy that could be approved by a majority vote for

At the present time Missouri school districts enrolling more than 100,000 pupils are faced by a possibility of only a few weeks of school because voters did not give the two- thirds vote required to pass tax levies. The unrealistic two-thirds majority now required in Missouri undemocratic in that the will of the majority of the tax payers is not upheld.

If Amendment 3 is passed, the tax payer is protected because tax levies would require a majority vote each year, meaning it would still be up to a majority of the voters as to whether or not the school tax rate would be approved. Interested persons are invited

The enrollment in the schools this year has already exceeded our estimates. As of Tuesday of this week there were 5008 full-time day students and approximately 140 half- day students from other schools who are enrolled in the area vocational school. Approximately 2000 adults are enrolled at some time during the year in various adult- education classes. (No local school tax money is used for these adult programs as they are supported by tuition fees and federal aid).

This heavy day school enrollment presents some problems in the way of overcrowded classrooms and classes and, of course, should require additional funds, if the additional enrollment were to be properly served and taught.

The state comptroller has announced that tax collections are about 23 million dollars less then they were at the same time last year. This poses ar extremely serious problem for public schools, as in many other areas of state service. It also gives the lie, to those opponents of Proposition 1, which was defeated in the spring, who said that tax collection would

Today In History

Today in History By THE ASSOCIATED PRESS

Today is Thursday, Sept. 17, the 260th day of 1970. There are 105 days left in the year. Today's highlight in history: On this date in 1784, the U.S. Constitution was completed and signed by a majority of delegated attending the Constitutional Convention in Philadelphia.

On this date: In 1796, George Washington delivered his farewell address. In 1862, one of the bloodiest

battles of the Civil War was fought at Antietam Creek in Maryland. In 1873, the failure of a New

York banking firm, Jay Cooke and Company, set off a financial crisis known as the panic of 1873. In 1935, Manuel Quezon was elected the first president of the Commonwealth of the

Philippines. In 1939, Germany invaded Poland in World War II.

In 1949, more than 130 persons perished in a fire which destroyed a Great Lakes steamer, the Noronic, at a pier in Toronto.

Ten years ago: Soviet Premier Nikita Khrushchev arrived in New York to attend a session of the United Nations General Assembly.

Five years ago: India asked the United States to resume arms shipments to that nation, saying there was danger of hostilities with both Pakistan and Communist China.

One year ago: The 24th U.N. General Assembly was meeting under a new president, Miss Angie Brooks of Liberia.
